GENERAL POLICIES AND PROCEDURES

AGENDA BOOK

An assignment or agenda book will be issued to all students. It is a requirement that all students have one, and it should be in their possession at all times. The book is purchased by the school and it is considered a textbook. Students should not damage or alter the book. Students should write school-related information as directed by teachers. Loss of the book will result in a \$10.00 replacement fee. The agenda books will be taken up by the homeroom teacher at the end of the school year. It will be the responsibility of all students to enter information appropriately in the book. Parents are asked to sign the agenda book nightly. Sixth and seventh grade academic teachers will sign each period. Eighth grade agenda books will be signed at the beginning and end of each day. Connections teachers will sign the book as needed. Students must not attempt to alter communication between the teacher and the parent. Marking out a teacher or parent note, forgery, or removing pages will result in disciplinary actions.

The agenda book is the primary form of communication between the school and home. We encourage all parents to communicate with teachers via the agenda book. Teacher access to phones and/or computers are very limited during instructional time. Please utilize the agenda book as primary communication tool. There is a student goal setting page in the front of the agenda. Parents are asked to review the goal setting page twice a year. Please review your student's goals and academic grades with him/her frequently. Georgia Performance Standards have been included in the agenda book. Please take time to review the standards for your student's grade level.

Parents may set up conferences via the agenda book. If you would like a conference with all team teachers, please call or write to the homeroom teacher.

ACCESS TO ELECTRONIC GRADEBOOK / GRADES

Parents are able to access an electronic gradebook program for their student. Parents are able to sign up for the electronic gradebook at home using their student's personal information. Parents should note that teachers may need 7-10 days to enter graded assignments.

ARRIVAL PROCEDURES

No student should arrive at school prior to 7:30 a.m. Students arriving between 7:30 and 8:10 are to report directly to the cafeteria. At the 8:10 a.m. bell, students report to their homeroom teacher. Students should always check with the homeroom teacher and receive a pass before attending to school business, seeing another teacher, or attending to any activity outside his homeroom.

ABSENCES & LATE WORK/MAKE-UP WORK

All assigned work is expected to be turned in on time. Late work will be accepted without penalties only if a student is absent and unable to be in school on the due date. All other late work may be accepted for reduced credit. Students with excused absences will be given one day for each day absent to make up work. Make-up work will be confined to homework assignments, teacher handouts, textbook pages covered, quizzes, and scheduled tests. Teachers may modify the amount of work to be made up. IT IS THE STUDENT'S RESPONSIBILITY TO ASK THE TEACHER FOR ANY MISSED ASSIGNMENTS. If a student is absent for two or more consecutive days, a parent may call the office and request their assignments. Please allow 24 hours for teachers to get assignments ready. If absences occur at the end of a grading period, an incomplete may be given on the report card. All incomplete work must be made up as soon as possible. The "incomplete" will be removed after 10 days to reflect the grade achieved. Work not made up will be averaged as a zero. Exclusion to this policy may be long-term projects. If work is requested and not picked up, this courtesy may not be extended in the future.

TARDIES

If a student arrives at school after the end of homeroom, he/she must report to the office and sign in. It is the parent's responsibility to ensure that the student reports to the main office to sign in. Students who are tardy interrupt instruction and should try to be on time. After 6 tardies, the homeroom teacher may assign a detention. Frequent tardies (10 or more) will result in an office referral. The administration will take appropriate action. After the 10th Tardy, the Administration reserves the right to request excuses / documentation for all further tardies to be coded as "Excused".

EARLY CHECK OUT

Parents are urged to make all dental, medical, and other appointments after school hours. If it becomes necessary for students to be checked out during the day, we ask that parents report to the office to sign the student out. Parents may be required to show picture identification for the office staff. Parents must be present in the office before the office personnel may call a student from class. Students

must have a parent or guardian's permission before early check out will be permitted. No student will be able to check himself out, walk home, or leave the school campus with a friend or relative without confirmed parental permission. **No student check-outs permitted after 3:15.** We are unable to finish end of the day duties and dismissal if students are checking out past 3:15.

BUS TRANSPORTATION

Transportation is provided for students residing in the CHMS district. Students are to ride the bus to which they have been assigned and to get on and off at their assigned bus stop. Any student who is to ride home with a friend by bus, must deliver the request in writing to the office before 9:00 a.m. The note must be verified with the Parent/Guardian by the CHMS office clerk via phone before permission can be granted. Students must report to the office on the way to 6th hour to pick up their signed bus permission form. Students are not to make other arrangements for after school transportation during the school day. Parents may call the school when a situation arises that necessitates a change in transportation during the day. Bus behavioral expectations are high. Discipline infractions on the bus can/may result in short term suspension or removal from the bus. Bus suspension applies to ALL school system buses. Any student riding the bus while suspended will be disciplined at school and reported to SRO.

CAR RIDERS

Students who are brought to school in a car should be dropped off in the front of the building. Cars enter the Sixth Grade Academy south entrance. Car Riders may arrive beginning at 7:30 a.m. Students who are car riders in the afternoon should be picked up in the same location. **Students should be picked up no later than 4:00.**

Students who are repeatedly not picked up on time will have to wait in the office and a parent conference will be required to prevent future problems. A School Social Worker referral will be made if late pick-ups are chronic.

WALKERS

Traffic areas around the Chapel Hill campus are extremely dangerous. Students who walk to and/or from school must have a Walkers Permission Slip completed by the parent on file in the school office (forms may be obtained from the front office). Students should obey all safe traffic rules while walking. Walking to and/or from Chapel Hill Middle School is strongly discouraged.

MESSAGES/DELIVERIES/LUNCH TO STUDENTS

Deliveries from parents or outside vendors with items such as balloons, flowers and restaurant food are NOT permitted.

Parents are welcomed to bring and eat lunch with their individual student during his/her lunch time. Due to safety, health concerns and medical issues/allergies, parents are ONLY allowed to bring lunch to their OWN student(s). Parents are permitted to bring outside (restaurant) food to their student, but they must deliver it to their student in the cafeteria during his/her assigned lunch time. To clarify, bagged restaurant food may not be left in the office as a "forgotten lunch".

Students will not be called from class for instruments, forgotten homework/projects, lunches or money for events/after school activities. Students may check for forgotten lunches / instruments at the office on their way to the cafeteria. Homework will be dated / timed and placed in the teacher's mailbox.

Students are called to the office at the 8:25, 12:53 and 3:25 announcement times for emergency transportation messages. Frequent / Excessive transportation notes or changes will be addressed with the parent by the Administration. We are unable to accept any "change of transportation calls/notes" after 3:15 p.m.

LOCKERS

Lockers are provided for the convenience of students who wish to rent one. Unless requested by the teacher, students should never share their lockers with other students, and students should keep their locker combinations private.

The school cannot be responsible for items left in lockers. Lockers are issued to students as a service and for their convenience, but the security of the lockers cannot be guaranteed by the school. Valuables and money should not be brought to school and left in lockers. Additionally, lockers are not students' property and may be searched at any time by the administration without the students' consent. Students must report locker maintenance problems immediately (in writing) to the front office. Students will be responsible for the contents in their lockers. A locker fee is charged for maintenance of the locker and to assist with the purchase of student agenda books. If students vandalize or abuse their lockers, additional charges will be assessed. There will be no stickers, writing, or other defacing of the lockers. Students may not alter the mechanical lock on the locker. Altering a lock may result in loss of the locker privilege. Bookbags are not allowed in the classroom.

TELEPHONE USE

The school phones are for business purposes and are available to students for illness and emergency situations. Students must have a note from a teacher in order to use the office phone. Students will not be allowed to use the phone for such things as forgotten items not brought to the school or to get permission to go home with a friend. Also, arrangements to stay after school for any activity must be made before arriving at school. All school events will have a pre-arranged pick up time; therefore, phone calls to parents are not necessary.

CELL PHONES

CELL PHONES ARE NOT ALLOWED for non-instructional use. Sixth graders are not allowed to have electronics at CHMS or participate in BYOT. Seventh & Eighth grade students in a BYOT class, may bring their device for instructional use under the direction of the classroom teacher. Electronic devices will not be allowed on campus during State Testing or the last week of school. Reading/ Foreign Language Teachers will assign frequent due dates for each student to read an AR book and take the computerized AR test. CHMS Foreign Language students will participate in the Dewey Decathlon. Students will read a variety of books from each section of the library and complete an AR test on each book. Students should take their library book home each night in order to stay current with their reading goals.

OBSERVATIONS/VISITATIONS

Parents and community members have opportunities for observing students in the educational setting through a number of established activities and events. Special events are scheduled to showcase student endeavors. Examples are: Academic bowls (spelling bee, geography bee), musical and dramatic presentations, art displays, Business Back to School Day, athletic events, and awards ceremonies. Parents participate directly in the instructional program through PTSO, volunteer work, field trips, school advisory committees, and individual parent/teacher conferences. If parents wish to arrange individual classroom or school visitation, they will be provided the opportunity. Visitations should be limited to two class periods during the school day.

The following guidelines will be observed:

1. Make your request to the Principal at least 24 hours prior to the requested visitation time. In your request, please state the purpose of the visit.
2. Sign in at the front office to receive your visitor's badge. You will then be escorted to your student's classroom.
3. During your visit, refrain from engaging the attention of teachers or students through conversation or other means.
4. Remain as inconspicuous to the instructional process as possible.
5. Return to the office at the end of your visit to check out and return your badge.
6. The CHMS Administration reserves the right to limit the frequency of observation days.

Lunch visitation-Parents/legal guardians may eat lunch with their student only. Parents should sign in at the office and obtain a lunch pass. Parents will be informed regarding a designated eating area. At the conclusion of your lunch visit, please return your DESIGNATED LUNCH PASS to the Administrator on lunch duty. If an administrator is not available, you will give the pass to the Resource Officer or a teacher on duty.

For the safety of the students, no unauthorized persons are allowed in the building without administrative approval. Students not enrolled at our school are not allowed to visit during the school day due to unnecessary classroom interruptions, which are detrimental to the learning process. Visitors are under the supervision of the administration while on campus. Any questions or concerns regarding your visit should be referred to the administration.

RECORDS REQUEST

Parents needing copies of records (report cards, shot records, etc) should make their request to the CHMS office in writing. Records requests will take 24 to 48 hours to fill. Excessive (many pages or duplicate requests) records requests may incur minimal charges for copying.

STUDENT WITHDRAWAL

Parents needing to withdraw their student from CHMS should contact the school office a minimum of 24 hours in advance of their anticipated withdrawal date. All student obligations (return books, pay fines) must be met before a student withdrawal can be completed. The enrolling parent must be the parent who signs the student withdrawal.

STUDENT BEHAVIOR

Students are expected to follow all rules, regulations, and procedures of the school. The Middle School Discipline Code is detailed in the back pages of this Student/Parent Handbook. The code includes guidelines for dealing with discipline offenses. Each student receives information about the Online Student Handbook on the first day that they enter the school year. Teachers review all of the contents and specifically address the offenses and consequences at the beginning of each year. All violations of law shall be referred to the school resource officer and proper law agencies by the school administration in addition to school consequences. Therefore, major offenses may result in the student having charges filed against them by the Douglas County Sheriff's Department.

Students are responsible for their own behavior and must be aware of the consequences of their actions. Students who cause discipline problems at after school events may be banned from attending extra-curricular activities.

Each team or department will establish guidelines to deal with minor classroom offenses.

Three easy rules for success:
Respond appropriately to adults
Make eye contact
Do not make disrespectful gestures

DETENTION POLICY

Detention hall times and dates are designated by teams or departments. If it becomes necessary for a teacher to assign a detention period, written notification will be issued to the student giving him/her at least a one-day notice. This advanced notice makes it possible to arrange transportation so the detention appointments can be kept. **THIS IS THE STUDENT'S RESPONSIBILITY.** Parents should contact the teacher assigning the detention with questions. Failure to serve detention will result in a discipline referral. Tardiness to detention will result in the student not getting credit for the detention. Morning Detention students should personally check-in with the adult on duty in the school cafeteria immediately upon arrival.

IN-SCHOOL SUSPENSION

The fundamental position of the Douglas County Schools is that students are responsible for their own behavior and that learning to behave appropriately is a necessary and vital element in their education. When behaviors disrupt the learning process, the student will be referred to school administrators.

In-School Suspension (ISS) is one of several options the Douglas County School System uses to manage student behavior. ISS is designed to provide an effective means of discipline while maintaining an educational program and counseling source for the student.

When a student is assigned to ISS, he is removed from class or classes and is assigned to a designated supervisor. A student assigned to ISS, OSS, or Alternative school is also prohibited from attending all school sponsored activities during their assignment.

The three basic purposes of ISS are:

To isolate students from peers in a controlled setting.
While in ISS, the student will be restricted to completing academic assignments, follow strictly enforced rules, and have minimal contact with other students. Students are

counted present.

To help students continue academic progress while being isolated from the classroom. The regular classroom teacher checks on the student each day to make sure assignments are understood and progress is being made.

To teach students appropriate behavior by identifying inappropriate behavior and providing practice in modeling appropriate behavior.

When a student is assigned to the opportunity room, he is removed from class for a short period of time and reports to a designated supervisor.

STUDENT INSURANCE

DCSS does not provide Health Insurance to students. However, we do send home information the 1st day of school, providing you the opportunity to purchase Health insurance for your student through a private provider.

Douglas County School System Policies and Procedures Middle School

2016-2017

Section II consists of selected Douglas County School System Policies and Procedures that directly affect middle school students and their parents or guardians. In some cases, the policies and procedures have been condensed. Policies and Procedures are subject to change throughout the school year. A current copy of these policies is available in the main office of each middle school or on the Douglas County web site at www.douglas.k12.ga.us. In that case, the most current policy would apply. Parents and students are invited to contact school administrators or counselors for additional information.

SOCIAL SECURITY NUMBER

The Douglas County School System requests that all students provide the school with a Social Security number to be used as a student identification number. Students who do not have a Social Security number may pick up an application form in the Attendance Office or any Social Security office. Student Social Security numbers will be treated in the same confidential manner as all other records in accordance with the Federal Educational Rights and Privacy Act of 1974.

Providing a Social Security number is voluntary. Students or parents who object to providing a Social Security number must complete a waiver form. Waiver forms can be obtained from the Attendance Office.

TRANSFERS

All students transferring to Douglas County will be admitted to school pending receipt of their immunization record, for a period not to exceed 30 calendar days from initial entry. The 30-day waiver may be extended from the date of the first admittance, whichever is earlier, for up to 90 calendar days, provided the student is a transfer student from an out-of-state school system to a Georgia school system, or a student entering kindergarten or first grade from out-of-state. The student must provide documentation to the school from the local health department or a physician specifying that an immunization sequence has been started and that the immunization time schedule can be completed within the **90-day** waiver period.

No student expelled/suspended from a school in another school system may be admitted to a Douglas County school without approval of the Assistant Director of Student Support and Athletics.

An elementary or middle school student transferring from a school accredited by a regional or state accrediting agency may be placed in the grade and courses recommended by the school from which he/she is transferring. Alternative placement may be made upon review by the principal in consultation with the parents (and Area Director if necessary) if student age, maturity level, previous academic record, standardized test scores, and/or placement testing indicate that student needs can be better addressed at another grade level.

If placement testing in mathematics and reading is deemed necessary, these guidelines should be followed:

Mathematics - Selected items from the grade level placement test in the adopted text can be administered at the beginning of the school year. The current cumulative test may be used if entry occurs during the school year.

Reading - Students generally are placed tentatively in the level of reader equivalent to that of the book they were in at the previous school. If equivalent reader cannot be determined, the teacher should try the book and section for the grade and month of entry. A trial would consist of reading sections, both at sight and with practice, and answering questions from the teacher edition for that excerpt. Appropriate section and/or end-of-book test may provide additional information if needed. The teacher should note word recognition difficulties during the sight-reading.

Whichever method is used, if the materials are too difficult, the teacher should move through earlier sections until an appropriate level is determined.

HOSPITAL/HOMEBOUND INSTRUCTION

Students who have a medically diagnosed physical or psychiatric condition, which restricts them to their home or to a hospital for a period of time, which will significantly interfere with their education, may be eligible for Hospital-Homebound Services. Students or their parent/guardian must submit a medical referral form completed by a licensed medical doctor. The doctor must project that the student will be absent a minimum of 10 school days.

Students are not eligible for this program if absence is due to a communicable disease, emotional problem, expulsion, suspension, abuse of chemical substance, or uncomplicated cases of pregnancy. The student is considered present each day if seen by the visiting instructor for the minimum number of hours per week.

TO WITHDRAW

If a student needs to withdraw he/she should do the following:

1. A parent/guardian should notify the school to withdraw the student. The withdrawal document must be signed by the enrolling parent/guardian.
2. Obtain a withdrawal form from the attendance clerk.
3. All of the student's teachers, the counselor, the media specialist, the lunchroom manager and the principal must sign the withdrawal form.

4. Return all textbooks and library books and pay any fines and/or charges before records can be sent to your new school.
5. Return the withdrawal form to the clerk before the end of the school day.
5. Exceptions to any of these guidelines must have prior approval of the principal.

EMERGENCY DRILLS

FIRE DRILLS are necessary for the safety of the students and faculty. One drill per month will be held. The specific directions for reaching a point of safety from all areas of the building are posted in each room. Misconduct can endanger lives.

TORNADO DRILLS will be conducted in order to be prepared to seek shelter during severe weather. Follow instructions given by teachers to assume safe positions during drills.

LOCK DOWN DRILLS will be conducted in order to be prepared for situations which would warrant a lockdown. Follow instructions given by teachers.

MEDICAL TRANSPORTATION

It is the responsibility of the parents to provide transportation and further care for the student if the student becomes ill or injured on school property. Emergency personnel will be called in emergency situations. Students may not be sent home without parental approval and no student may drive when excused for medical reasons unless parental consent has been given. The parent or guardian is responsible for payment of emergency transportation costs.

SCHOOL HEALTH SERVICES

Each school will be provided with a designated employee (**who is not a licensed nurse**) to serve as School Health Monitor. School Health Monitors will report to the school principal and will be provided training, guidance, and supervision by the Registered Nurse who serves as the Health Services Coordinator for that school.

EMERGENCY CONTACT INFORMATION

In order for the school to know and comply with the wishes of parents, emergency contact information must be filled out for each student and returned to the office for use in emergency situations. This information must be updated annually and whenever changes in contact information occurs. When you receive a Student Contact Form, please update it and return it to the school within five (5) days. Current, accurate information will enable the school to contact you in the event of an emergency. It is the parent/guardian(s) responsibility to keep the emergency card current. At least one local phone contact in addition to the parent/guardian must be listed to insure the safety of your child. If any information changes during the school year, contact the school immediately.

ILLNESS/INJURY TREATMENT INFORMATION

In case of illness/injury, the designated School Health Monitor or other appropriate school personnel will render care as directed by the School Health Resource Manual while attempting to contact the parent. If neither the parent nor the emergency designee can be reached and the situation is very serious, the school shall telephone the Emergency Medical Services (911) for immediate transportation to the nearest Emergency Treatment Facility. Whenever possible, the parent's hospital preference will be observed. Fees for transportation and medical services will be the responsibility of the parent/guardian.

In the event a student's illness is not deemed an emergency, but signs/symptoms of an illness and/or fever are present. The parent/guardian will be contacted and requested to pick up the student from school. If the parent cannot be reached, the emergency designee will be contacted. In the event, no designated adult can be reached, or the parent refuses to pick up the student, the principal retains the right to contact appropriate law enforcement and/or Department of Family and Children's Services (DFACS) personnel to assume responsibility for the student.

ACCIDENTS AND INSURANCE

The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of accident to the student at school. The parent or guardian is responsible for the payment of such bills.

We urge you to make use of the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. Athletes are urged to make sure adequate insurance is obtained.

In case of accident, no matter how minor, the student should report the accident to the teacher immediately. In the case of severe accidents or acute illness, emergency care will be given and the parents will be notified.

SCHOOL HEALTH RECORDS

Parents/guardians should complete a health information form at the beginning of the school year or upon registration. This form includes:

- All emergency contact information (including cell phones and pagers)
- Pertinent health history
- Primary care providers and insurance information
- Medications taken at home and school
- Allergies
- To whom child may be released

When completing the health information form, please remember this form provides us with valuable information should your student become ill and/or injured at school. This form is **NOT** intended to be a substitute for directly communicating school day medical needs with school personnel. If your child has a medical condition that may possibly require modifications or staff training (diabetes, seizures, asthma, etc.), please contact your School Health Monitor to arrange an appointment with the appropriate Health Services Coordinator/Registered Nurse. Please remember a Registered Nurse is not always immediately available in the school.

MEDICATION

Whenever possible medication should be given outside school hours. This will help reduce time out of classroom instruction and also insure compliance. If it becomes necessary for a student to take any form of medication at school, the following procedures must be followed:

1. An Authorization for Assistance with Medication form must be filled out for each medication.
2. ALL medication, including over the counter drugs and emergency medications, must be provided by the parent/guardian and brought to the office upon arrival at school.
3. All **prescription medication** must be in an **appropriately labeled container** and **OTC medication** must be in the **original container**.
4. All medications will be administered in the presence of an adult.
5. The Authorization to Carry Medication Form must be completed and signed by all parties before a student will be allowed to carry **any** medication with them at school.
6. Any medication (labeled or unlabeled) found in the possession of a student without the appropriate form will result in serious consequences for that student.

INSURANCE

The Douglas County Board of Education offers parents the opportunity to purchase accident insurance. Information on the plans available and the premiums will be provided at the beginning of the school year.

CARE OF SCHOOL PROPERTY

Students are responsible for proper care of all books, supplies, and furniture supplied by the school. Students who disfigure property, break windows, or do other damage to school property or equipment will be required to pay for the damage done or replace the item and/or receive additional disciplinary action. Legal action will be taken if necessary.

SCHOOL FOOD SERVICE

Students are encouraged to participate in the school nutrition programs. Today, students are offered a variety of healthy, tasty and appealing choices which include fresh fruits and vegetables, fresh salads, whole grains and baked rather than fried items. All school meals are nutritionally balanced and meet one-third of the Recommended Daily Allowances for important nutrients for lunch and one-fourth of the RDA's for breakfast. Menus are planned by a registered dietitian and are low in fat and saturated fat. School meals help kids maintain a healthy weight and do better in school. School meals are offered to all students at a reasonable price. Children from families with incomes at or below 185 percent of the poverty level are eligible for free or reduced price meals. You may apply for free/reduced meals using a family application obtained from your child's school or by going to <https://frapplications.douglas.k12.ga.us>.

Students are encouraged to pay for their meals in advance. Families may pay their cafeteria directly with cash or checks. Checks should include the student's first and last name and lunch ID number. You may also use www.parentonline.net to pre-pay online. You can set up an account by using a credit card and can personalize your account to notify you when your child's balance is running low. A small service fee will apply for pre-paying online, and a minimum payment is required.

All students must go to the cafeteria during their assigned lunch period. Your child can assist the cafeteria staff by:

1. Depositing all lunch litter in proper receptacles.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the tables and floors in clean conditions.
4. Not taking food from the cafeteria to other parts of campus.
5. Not breaking in line.
6. Not leaving the cafeteria without permission. Permission must be granted by the administrator or teacher on duty.

CHARGE POLICY AND NSF POLICY

Douglas County School Food Service will continue to monitor the approved student charging limits which states:

- High school students and adults are not allowed to charge
- Elementary and middle school students may accumulate a maximum in charges to equal the price of two full pay student lunches. This charge limit includes any charges for breakfast, and lunch. Ala carte items may not be purchased if a child owes charges. After the charge limit is reached, a student will be offered a supplemental meal which consists of a sandwich and a beverage. No supplemental meal is served at breakfast. This regulation is to ensure that a child will not go hungry while potential losses of school food service funds will be limited.

If we receive two NSF checks for a student and/or siblings, we will no longer accept any checks for the student and/or siblings for the duration of their attendance in Douglas County Schools.

Soft drink bottles are not permitted; however, soft drink cans are permitted.

PHYSICAL EXAMINATIONS

All students who wish to participate in interscholastic athletics and cheerleading are required to have a yearly physical examination signed and dated by a licensed medical doctor. Copies of the required physical examination forms are available at the school and on the school system website, along with other required permission and consent forms.

COMPETITIVE INTERSCHOLASTIC ACTIVITIES

ACADEMIC ELIGIBILITY

In grades six through eight, students must meet the following criteria in order to participate in competitive interscholastic activities:

1. Pass at least six subjects that carry credit toward grade promotion in the semester immediately preceding participation. (The minimum length of ineligibility is one semester.)
2. Take at least six subjects that carry credit toward grade promotion during the semester of participation.
3. No student in grades 6-8 shall participate in more than one game or sport per week on a day preceding a school day.

FIELD TRIPS

The regular instructional programs of the school are enriched by occasional field trips during the regularly scheduled school day. Other field trips may be after school hours and on weekends (class field trips, athletic teams, band groups, and clubs traveling to and from competitions, etc.). Parent permission is required for participation. The school system must approve all field trips.

Code of Conduct for Field Trips: Students who are on a field trip as designated above must adhere to the Douglas County Code of Conduct.

The number of days/classes that a student may be out for student activities such as field trips is limited to 10. Students and individual teachers are responsible for checking with the Attendance Clerk to make sure a student does not exceed the limit.

Other trips sometimes use names that might be associated by some with the school. The school and school system does not sponsor any tours or cruises. Students who participate in these activities are dealing with private companies.

EXTRA CURRICULAR ACTIVITIES

An updated list of all extra curricular activities available at each school can be found on the school website.

TELEPHONES

Any arrangements or preparation for after-school activities should be made prior to leaving home each morning. The office telephone is for school business and may be used by students only in cases of emergency with the permission of the administration.

Messages and deliveries from home should be left in the office. Students will not be called out of class for messages.

LOCKERS

Lockers will be issued by the office for a fee. In some cases, a locker must be shared by two students, in which case each student is expected to pay half of the locker rental for the year. No personal lock will be used on a locker.

There should not be any writing or other defacing of student lockers. A student is personally liable for any damage to the locker he/she is assigned. Lock combinations should not be told to anyone to insure the security of student property. Lockers are the property of the school and the school reserves the right to search them when necessary. Students will have designed times to use their lockers. Students need all required materials for class and the excuse of leaving such materials in the locker will not be accepted.

HALL PASSES

When going anywhere in the building or on the grounds during the time classes are in session, students must have a pass. All passes are to be returned to the teacher. Hall passes are to be issued only for emergencies or for students to go to the media center, counselors' office, or administrative offices.

CLOSED CAMPUS

Students must stay on the school grounds from the time they arrive, even if the daily schedule has not yet

begun, until dismissed. A student violating this policy will be subject to disciplinary action (see Discipline Code). Except when special circumstances occur, students are not to return to campus after leaving for the day.

VISITORS

Parents or other adults who have business at the school must report to the office. All visitors are expected to leave promptly when their business is completed. No school-age children are allowed to visit at any time during school hours without administrative approval.

PARENT CONFERENCES

We welcome the opportunity to discuss school matters with parents. Please feel free to call your child's teacher, the counselor, or an administrator to set up a conference. We encourage parents to be involved in the educational process of their children.

MIDDLE SCHOOL OBSERVATIONS/VISITATIONS

Middle schools value the concept of parents as partners in education. Parent and community support and assistance are vital in all facets of the school program.

Parents and community members have opportunities for observing students in the educational setting through a number of established activities and events. Special events are scheduled to showcase student endeavors. Examples are: Academic bowls (spelling bee, geography bee), musical and dramatic presentations, art displays, Business Back to School Day, athletic events, and awards ceremonies. Parents participate directly in the instructional program through PTSO, volunteer work, field trips, school advisory committees, and individual parent/teacher conferences.

If parents wish to arrange individual classroom or school visitation, they will be provided the opportunity. Visitations should be limited to two class periods during the school day.

1. The parent should:
 - a. Make the request to the principal at least 24 hours prior to the proposed visit.
 - b. State the purpose of the visit.
 - c. Sign in at the office, receive a visitor's pass (badge), and be escorted to the classroom.
 - d. Stay no longer than two class period.
 - e. Classroom visitations are not a time for teacher-parent conference. Parents should not expect teachers to conference with them at these times. Refrain from engaging the attention of teacher or students through conversation or other means.
 - f. Remain as inconspicuous to the instructional process as possible
 - g. Return to the office at the end of the visit to check out and return the pass (badge).
2. The principal or his/her designee should:
 - a. Arrange the time and date of the observation with the teacher.
 - b. Inform the parent of the arrangements.
 - c. Escort the parent to the classroom.
 - d. Parent(s) of only one student should be scheduled to observe at a given time.
3. For the safety of students, no unauthorized persons are allowed in the building without administrative approval. Students who are not enrolled in the school are not allowed to visit during the school day due to unnecessary classroom interruptions, which are detrimental to the learning process.

4. Visitors are under the supervision of the administration while on campus. Any questions or concerns regarding your visit should be referred to the administration.

COUNSELING AND GUIDANCE

The middle school guidance program is designed to help facilitate the growth and development of students as they progress through the in-between years. The services provide opportunities for students to develop self-understanding, self-evaluation and self-direction. The middle school counselor's goal is for the student to mature as an individual who understands his responsibility for making decisions and for living with the consequences for his decisions.

The program has three supportive arms: individual counseling, classroom guidance, and group counseling and guidance.

Individual counseling is mainly at the student's request through a self-referral system. Teachers, administrators, and discipline boards also make referrals of student who need help in a specific area.

Classroom guidance is designed to reach all students and work on a general need at their level. Sixth grade classroom guidance is taught in two units. The self-concept unit is designed to help students better understand themselves and to help them have a more positive attitude toward themselves and others. The other unit is on personal safety/sexual abuse prevention and is designed to help students realize their personal right to say "NO" when faced with sexual abuse.

Seventh grade classroom guidance is also made up of two units. The first unit is a problem solving/decision-making unit designed to help students more clearly define what they want and do not want. This unit is made up of five sessions and is taught by the classroom teacher with assistance of the counselor. The other unit is on personal safety and deals with the issues of sexual exploitation and sexual abuse.

The eighth grade classroom guidance is made up of three units. One unit is part of the Planning for High School exploratory course, and the counselor works with the exploratory teachers for approximately five class sections. The other units are on Decision Making and Personal Responsibility and Personal Safety (Acquaintance and Date Rape). These units assist students in exploring their feelings about peer pressure and sexual interaction and making responsible decisions.

Group counseling is designed to meet a special need of a group of students sharing the same problem or experience. The groups are offered on a needs basis and usually contain 8-12 students. Topics include study skills, friendships, loneliness, divorce, death, weight control and other topics as needed.

GIFTED PROGRAM

The Douglas County Board of Education recognizes the need to provide appropriate services for students who demonstrate a high degree of intellectual, creative and/or artistic abilities, possess exceptional leadership skills, or excel in specific academic fields. It is the intent of the Board that these students receive special instruction and/or ancillary services necessary for the students to achieve at levels commensurate with their abilities.

Elementary school gifted programs include services through contracts, facilitators, interest centers, resource rooms, collaboration, and accelerated math, while middle school program services include contracts, facilitators, interest seminars, learning centers, resource rooms, compacting, advanced content, telecommunications, and mentoring. Douglas County high school students participate in gifted classes in academic disciplines, advanced placement classes, and joint enrollment with colleges.

Eligibility for the gifted program is based on multiple criteria. These criteria should aid systems in identifying students who may not have qualified under previous criteria. To qualify for gifted services, students must meet three (3) of the following four (4) criteria: mental ability, achievement, creativity, and motivation. At least one of the four criteria must be met by a score on a nationally normed test. Douglas County School System has developed regulations and administrative procedures which address the

multiple criteria.

Referral for consideration for gifted educational services may be made by teachers, counselors, administrators, parents or guardians, peers, self, and/or other individuals with knowledge of the student's abilities. To expedite eligibility procedures, individual schools have established Eligibility Teams for the gifted to review applicants and select candidates for the program. The Eligibility Team consists of at least one administrator or counselor, at least one regular education teacher, and at least one gifted teacher and meets twice a year to screen referrals. For additional information concerning the gifted program or to refer a student to the gifted program, please contact the school's Eligibility Team.

 - U = Unsatisfactory (Unacceptable classroom behavior)

Number of Grades Per Nine (9) Weeks

1. The minimum number of grades used to determine the final grade must be 9 for each 9-week grading, per subject area.
2. Each middle school will issue progress reports every 4 ½ weeks and report cards at the end of every nine week grading period. Additional teacher-developed progress sheets may be sent home between reporting periods.
3. Homework assignments should not count as more than 15% of the final grade.
4. Unit Assessment / Test should count as a minimum of 30% and not exceed 50% of the final grade. Students should have a minimum of three graded tests per 9 weeks.
5. 55% Rule – no grade lower than 55 should be posted on report cards.

Communications to Parents/Guardians regarding Student Performance

Progress reports and report cards are used to communicate with parents concerning student grades. Communications in addition to written progress reports or report cards by teachers and other school personnel are encouraged. Informal notes, telephone calls and conferences are effective and often necessary follow-ups to formal progress reports or report cards.

Teachers should notify a student's parent/guardian by personal contact or in writing if a student is in danger of receiving a grade of F on a Report Card. This formal contact should occur as early as possible during the grading period so that a parent/guardian is aware and has time to assist his/her student with improving his/her grade. Documentation of parent/guardian notification should be kept by the school. Teachers are also encouraged to notify a parent/guardian if a student is experiencing a significant decline in achievement.

Middle School Practices on Make-Up Work due to Student Absence(s)

1. All students may receive credit for completing makeup work after an absence. A student will be given as many days as he/she was absent from that class to make up assignments and tests. Teachers are not required to provide assignments to students prior to an absence.

Middle School Homework Practices

1. Homework is work that is assigned to be completed at home. It is an effective tool in developing/reinforcing academic skills and study habits. It is an extension of the learning process and involves the home / family in the student's learning.
2. Middle School students should expect to complete homework / study for upcoming assessments. Middle School students are not typically expected to spend more than 90 minutes total on homework per night.

Middle School Practices on Late Work

1. Work which is not submitted to a teacher on the assigned due date will not result in full credit. If a student is present in class, he/she is expected to turn in work at the time it is requested. Each school principal will establish specific grade-level procedures regarding submission of "late work" and the credit value it will be assigned.

EXTRA CREDIT

Extra Credit opportunities will be provided consistently across subject areas at the discretion of the principal and must be academic in nature.

Common District Assessments (CDAs)

- Teachers may allow students the opportunity to retest after a period of remediation determined by the teacher.
- Teachers must obtain prior approval from their principal for the development of a retest CDA.
- Retest CDAs should be developed by a group of two or more teachers from the same subject area/grade.
- Retest CDAs must be the same format, using similar standards and assessment strategies as the original CDA.
- The original CDA grade can be replaced with a retest CDA grade.

APPEALS

A student/parent has 5 business days from the date report cards are issued to appeal the final grade. The appeal must be made in writing to the principal and the decision of the principal is final.

ABSENCES AND EXCUSES

DESCRIPTION CODE: JBD-R(1)

In order to receive maximum benefit from the instructional activities, students are expected to be in school each day unless excused for legitimate reasons. Good attendance habits positively impact the learning process and carry over into the world of work. While teachers and administrators are charged with the responsibility of providing worthwhile daily activities for students, the student and their parents must assume responsibility for being punctual and regular in attendance. It is the position of the Douglas County Board of Education that every day at school is important and that no student ever be absent except for extraordinary reasons. To emphasize the importance of good attendance, and to provide consistency throughout the school system, the following guidelines will be used.

ATTENDANCE RULES

1. Absences will be classified as excused or unexcused.

Excused absences are those due to emergencies such as:

- A. Personal illness or attendance in school endangers a student's health or the health of others.
- B. A serious illness or death in a student's immediate family necessitating absence from school
- C. A court order or an order by a governmental agency, including preinduction physical examinations for service in the armed forces, mandating absence from school.
- D. Observing religious holidays, necessitating absence from school.
- E. Conditions rendering attendance impossible or hazardous to student health or safety.
- F. A student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parents or legal guardians deployment or during such parents or legal guardian leave.
- G. Any other reason approved by the Georgia State Board of Education.

Students shall be counted present when they are serving as pages of Georgia General Assembly.

Unexcused absences are all failures to attend school other than those specifically excused by the administration.

2. Absences and tardies will be recorded in each class. Absences and tardies from school will be recorded on the student permanent record. A student must be present at school for at least one-half of the required instructional time to be counted present for the day.
3. A high school student must be enrolled in each course a minimum of 130 clock hours per semester (including days transferred from other schools) to receive Carnegie unit credit for the course. A student must be present every day except those determined to be excused absences. A clock hour is defined as 60 minutes of instructional time.
4. If a student is absent from school, the student must bring a note with the signature of a

parent, doctor, dentist, judge, etc. stating the date and reason for absence. This written excuse must be presented to the appropriate teacher(s) within three (3) school days of the student's return to school from the absence. This is the responsibility of the student. The principal will resolve any question in determining whether an absence is excused or unexcused.

All work missed due to an excused absence must be made up by the student within a reasonable time, or receive zeros in work missed. It is the student's responsibility to make arrangements with the teacher for make-up work.

In order to participate in an extracurricular or after school activity, a student must be in attendance on the school day of the activity.

Unexcused absences will result in no credit for work missed.

A student who misses one-half or more of a class period (unexcused) will be counted absent for that class.

For each absence beyond ten (10), students must bring an excuse from a doctor, dentist, health center, court, etc. for the absence(s) to be excused.

5. Individual teachers (in grading policies) or schools will provide incentives for good attendance.

6. Any parent, guardian, or other person having control or charge of any child or children between the ages of six and sixteen shall send such child or children to school. On the sixth unexcused absence a violation of this code (O.C.G.A. 20-2-690.1) will result in said person being guilty of a misdemeanor. Upon conviction thereof, shall be subject to a fine of not less than \$25.00 nor greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties.

Two reasonable attempts to notify the parent/guardian will be made by the school on the fifth unexcused absence. If no response is achieved the school shall send a notice by certified mail, return receipt requested. Each days absence from school after notification on the fifth unexcused absence shall constitute a separate offense.

7. Student parking at Douglas County School System high schools is a privilege provided for high school students who purchase a parking decal. High school administrators may suspend a student's parking privilege for the remainder of the semester for leaving campus without authorization, for truancy, or for having six unexcused tardies to school. The suspension of parking privileges will extend for at least forty-five (45) days. If a semester has less than forty-five (45) days remaining when the suspension occurs, the balance will be served at the beginning of the next semester or school year. There will be no refund for the cost of the parking permit. At the conclusion of the suspension of parking privileges, the student may reapply and purchase a parking decal if parking space is available.

ABSENCES AND EXCUSES

Douglas County School System Guidelines for Addressing Absenteeism

Absences will be followed up by school personnel in the following order:

When a student is absent:

- The Teacher will check for a parent excuse.
- The Teacher will give all excuses to the Attendance Clerk each morning by 9:00 a.m.
- Teacher(s) will assign makeup work and set a reasonable timeline for return of work.

After five unexcused absences:

- The School will make two attempts to contact the parent by phone/and or email. In addition, the Excessive Unexcused Absences letter #1 will be mailed or emailed to inform the parents of the student's unexcused absences.
- However, if the student is in school, the student will be called in the office during these attempts and a "conference of record" will occur. This conference can replace mailing notice if the parent is reached by phone or is present. A copy of the student's attendance report and the Excessive Unexcused Absences letter#1 will be given to the student to take home to assist the parent in correction of the record. (The conference of record will be recorded on a copy of the same attendance report and any notes of discussion with the parent/student. Also include signatures of all parties present.)
- If these steps fail to contact the parent then Certified Mail - return receipt the Excessive Unexcused Absences letter #1 and the attendance report.

Upon the seventh unexcused absences:

- The School will ensure that the unexcused absences are verified.
- The School will send Excessive Unexcused Absences letter #2 via first class mail or email to inform the parents of the student's unexcused absences. A copy of the current Douglas County Attendance Policy will be sent with the letter as well.
- However, if the student is in school, the student will be called in the office during these attempts and a "conference of record" will occur. This conference can replace mailing notice if the parent is reached by phone or is present. A copy of the student's attendance report and the Excessive Unexcused Absences letter#2 will be given to the student to take home to assist the parent in correction of the record. (The conference of record will be recorded on a copy of the same attendance report and any notes of discussion with the parent/student. Also include signatures of all parties present.)
- The Student/Parent will be referred to the School Social Worker. Copies of the completed checklist [JBD-E(1)] and all letters shall be submitted with the referral.
- For Students under 16 years of age, the school will develop an intervention plan that requires a parent/guardian agreement to interventions which specifically address the attendance problem. If the intervention plan is not successful the School Social Worker will refer the student/parent to the Truancy Task Panel and complete required documentation.
- Students, 16 and over, who are found to be off roll for more than 10 consecutive unexcused days will also be withdrawn from the DCSS.

School days missed as a result of an out-of-school suspension shall not count as unexcused days for the purpose of determining student truancy.

Douglas County School District dress code requires students to dress "in a manner that is conducive to a good learning environment."

In the selection of school dress, parents and students should exercise good taste and good judgement. Many "fads" in dress are not appropriate for school. Therefore, student dress should reflect neatness, cleanliness and should not distract or cause disruption in the educational process of school.

The school administration reserves the right to determine if a student's dress and personal appearance are too casual, too revealing, or too distracting from the learning environment to be considered appropriate for school. STUDENT DISCIPLINE

DESCRIPTIVE CODE: JD

The purpose of the Douglas County School System's Discipline Code is as follows:

1. To ensure an environment for teaching and learning which is protected from disruption and harassment.
2. To provide information to students and parents about rules and regulations (expected student conduct) of the school system and possible penalties for violations of these rules and regulations.
3. To provide uniform administrative and disciplinary procedures in the local schools.
4. To provide for enforcement of school disciplinary rules when the student is on school property, in attendance at school or at any school sponsored activity or engages at any time or place in conduct that has a direct effect on maintaining order and discipline in the schools.

Statement of Student Misconduct

These rules are designed to notify students as to the types and range of behavior expectations. Every specific variation of conduct may not have been included. Consequently, students should expect to be disciplined for misconduct that is so obviously inappropriate, particularly in light of societal expectations and the scope of these expectations that a specific expectation need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school.

Consequences of Student Misconduct

Local school administrators have broad discretion to determine consequences for student misconduct at the local

school level. The range of consequences for misconduct that can be assigned by a local school administrator may include without limitation, student conference, parent conference, before or after school detention, In-School Suspension, Saturday School/previous detention, Out-of-School Suspension up to ten days per incident, referral to a Student Disciplinary Tribunal Hearing which may result in Long-Term Suspension or expulsion and, depending upon the severity of the offense, law enforcement officials may be contacted.

Application of the Douglas County Board of Education Student Discipline Code

The Student Discipline Code applies when a student(s) is (are):

- a. On the school grounds;
- b. Off the school grounds at a school activity, function, or event;
- c. En route to and from school and at the bus stop; or
- d. Off the school grounds while the student is in attendance at any function; is engaged in activity that could have a direct effect on the orderly function of the school; or is otherwise subject to the jurisdiction of school authorities. May include being convicted of, being adjudicated to have committed, being indicted for, or having an information filed against for the commission of any felony or any delinquent act which would be a felony if committed by an adult.

Safe Schools Policy

It is the policy of the Douglas County Board of Education to ensure the highest possible standards of learning as well as the safety, health, and well-being of its students and employees. The Douglas County Board of Education recognizes that gang/hate groups and gang/hate group-related activities can substantially interfere with student and employee productivity.

In accordance, the Douglas County Board of Education is dedicated to preventing the influence of gang/hate groups or gang/hate group-related activities in our schools.

The appropriate school officials reserve the right to punish any gang/hate group or person displaying gang/hate group-related behavior which is subversive to good order, discipline and well-being in our schools.

Administrative Regulation

Descriptor Code: JD-R(3)

Student Discipline

Date: 06/16/2014

MIDDLE SCHOOL AND HIGH SCHOOL

DISCIPLINE CODE (CODE OF CONDUCT)

The Discipline Code serves as a guide for school administrators dealing with discipline offenses. It is not intended to be an exhaustive list of every possible offense. Furthermore, every possible offense cannot be defined. The Principal of the school has the authority to make disciplinary and other decisions based on the best interests of the students and the school.

ALL VIOLATIONS OF LAW SHALL BE REFERRED TO THE PROPER LAW ENFORCEMENT AGENCIES BY THE SCHOOL ADMINISTRATORS IN ADDITION TO SCHOOL CONSEQUENCES.

STUDENTS AND CRIMINAL CHARGES

Parents and guardians are encouraged to inform their children that certain acts of misconduct could result in legal charges. Please explain to your student(s) that for certain acts of underage sexual conduct and other crimes, a minor may be tried as an adult.

It is the responsibility of the student and the student's parents/guardians to demonstrate behavior that is appropriate at all times. Parents will be contacted when any major offense occurs. It is the policy of this state that it is preferable to assign disruptive students to alternative educational

settings rather than to suspend such students from school. A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. (Board Policy JD) The parent will be required to attend a conference and develop a behavioral intervention plan.

IMPORTANT INFORMATION ABOUT THE DISCIPLINE CODE

1. Students under short-term suspension must make-up any academic work missed during the suspension to receive credit. It will be the responsibility of the student to request make-up work. Cell phones/multi-media/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. 6. These regulations apply to students: (a) who are on the school grounds during, immediately before, or immediately after school.; (b) who are on the grounds at any other time that the school is being used by a school group; (c) who are off the school grounds at a school activity, school function, or event; (d) who are en route to or from any school functions; (e) who create electronic communication(s) which present a potential danger to persons or property at the school or which disrupts the educational process; or are otherwise subject to jurisdiction of school authorities.

The Discipline Tribunal shall determine the appropriate discipline in each case based on its individual merits. The principal may recommend an appropriate discipline for the Tribunal to consider. Appropriate compensation shall be paid to replace losses to the school system resulting from commission of any offense. Level Three Offenses are so serious in nature that offenses will be cumulative grades 6-8, 9-12. Good attendance habits positively impact the learning process and carry over into the world of work. While teachers and administrators are charged with the responsibility of providing worthwhile daily activities for students, the students and their parents must assume responsibility for being punctual and regular in attendance. DISCIPLINE OF STUDENTS WITH DISABILITIES

Discipline of students with disabilities requires certain considerations because behavior may be related to the disability. Following are general guidelines:

1. Determine which students have been identified as disabled and review their IEPs or Section 504 Plan at the start of the semester before there are discipline problems.
2. An IEP or Section 504 Plan may include a Behavior Intervention Plan that specifies how certain behaviors are to be handled. This plan should be followed in all school settings - regular or special.
3. Students whose IEPs or Section 504 Plan do not address behavior or discipline should be treated like non-disabled students with common sense consideration of the disability (see * below).
4. Classroom teachers should work closely with special education teachers and the Student Support Team to determine appropriate methods of discipline.

In all cases, however, a student with a disability may not be suspended from school (including ISS - if the student does not receive the specified special education services) for more than a cumulative total of 10 days per school year. When the total number of suspension days nears 10 or a significantly disruptive behavior occurs, the following procedure should be followed:

1. The Director/Coordinator (or designee) of Special Education should be notified to assure that all due process procedures are followed.
2. The IEP committee will carefully review the IEP and current placement to determine if the behavior is related to the disability and if change

should be made in the IEP.

3. For Section 504 students, the SST will review the 504 Plan and determine if the behavior is related to the disability.

BUS CONDUCT

School bus transportation is a privilege afforded pupils by the Board of Education. It is not a right. To protect the safety and well being of all involved, pupils must adhere to established bus conduct rules. Bus transportation privilege may be revoked if the pupil does not observe bus conduct expectations.

Bus Conduct Rules

1. Students should always conduct themselves in an orderly manner and obey all bus safety rules.
2. All students are under the jurisdiction of the driver while aboard each bus.
3. The driver is responsible for seating arrangements on each bus.
4. Students will remain seated while bus is in motion.
5. Students must refrain from loud talking, horseplay, throwing objects on or from the bus, or doing anything that will detract from the driver's attention.
6. Anyone damaging a bus will be responsible for restitution.
7. All parts of the body must be kept inside the bus at all times.
8. Smoking, chewing gum, eating, or drinking on the bus is not permitted.
9. It is the responsibility of the driver and each rider to help keep the bus clean.
10. The use of profanity on the bus will not be allowed.
11. Students will be picked up and delivered at their regular designated site each day. Written requests from the parent or guardian will be filed with the principal if it becomes necessary for a student to depart a bus other than at his/her regular stop. The principal will authorize the driver to make such a stop. Exceptions may be made if a safety hazard is involved.
12. Buses are provided for transporting students: therefore, large objects such as boxes, recreation equipment, large band instruments, etc., should not be on a bus.
13. Students must refrain from inappropriate display of affection.
14. Assignments to specific buses will be made by school authorities.
15. Students are expected to abide by the Douglas County School System Student Discipline Code.
16. Students shall not possess or use objects such as mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

This also includes the usage of any electronic devices during the operation of a school bus in a manner that might interfere with the school bus communications' equipment or the school bus driver's operation of the bus.

NOTE: If a student is found to have engaged in bullying or physical assault or battery of another

person on the school bus, the policy must require a meeting of the parent or guardian and district officials for the purpose of forming a school bus behavior contract for the student. Contract provisions must provide for appropriate progressive discipline and may include assigned seating, ongoing parental involvement and suspension from riding the bus. School bus contracts can be used for other infractions as well.

OMBUDSMAN MIDDLE SCHOOL ALTERNATIVE PROGRAM

The Ombudsman Middle School Program is designed to serve middle school alternative school students identified by the Douglas County School System as eligible for alternative services.

Eligible students must be enrolled at one of the school system's middle schools and must receive a school level referral followed by central office administrative approval of the referral in order to be interviewed for acceptance into the program.

All attendance and course requirements that apply to students enrolled in the regular middle school program also apply to the students in the Ombudsman Program. Students must participate in all standardized and state testing administered to the regular middle school students, and the student scores will be reported to the student's home-based school. The courses and grades earned at Ombudsman and attendance information will be reported to the home-base school's principal or his/her designee at the end of each semester.

STUDENT DRUG USE

DESCRIPTIVE CODE: JCDAC

ALCOHOL AND OTHER DRUGS

Douglas County School System acknowledges the problem of substance abuse in society. We value all our students and believe their use or possession of alcohol and other drugs is harmful to their physical, emotional and mental health and it is also wrong and unlawful. We believe the use of alcohol or other

drugs decreases their ability to learn and may create dangerous situations for them, other students, or school system employees. It is our intention to maintain a safe, healthy environment conducive to learning for all students and to protect the reputation of the Douglas County School System. Accordingly, the following policy is set forth. This policy shall apply to all students and compliance with this policy is mandatory as per requirements for the Drug-Free Schools and Communities Act of 1989.

It shall further be the policy of the Douglas County School System to provide age appropriate, developmentally based drug and alcohol Education and prevention programs, which address the legal, social and health consequences of drug and alcohol use and to provide information about effective techniques for resisting peer pressure in the use of illicit drugs or alcohol for all students in the system. These programs shall provide information about any drug and alcohol counseling rehabilitation and re-entry programs available to students.

NARCOTICS, ALCOHOLIC BEVERAGES, AND STIMULANT DRUGS

A student shall not possess, sell, use, transmit, or be under the influence of any narcotic drugs, hallucinogenic drugs, and amphetamines, barbiturates, cocaine, marijuana, controlled substances, alcoholic beverages, anabolic steroids, look-alike drugs, or intoxicants of any kind:

1. on the school grounds during and immediately before or immediately after school hours.
2. on the school grounds at any other time when the school is being used by any school group.
3. off the school grounds at a school activity, function or event.
4. en route to and from school or school activity on school system buses or chartered buses acquired for school activities.

Compliance with these requirements is mandatory. Use of a drug authorized by a medical prescription from a registered physician should not be considered a violation of this regulation. All prescription drugs shall be kept in the original container.

CONFISCATED ITEMS

When students bring items to school that violate school rules, those items will be confiscated and kept in the office until picked up by the parent or guardian. Confiscated items must be claimed not later than two (2) weeks after the end of the semester. Unclaimed items will be discarded. Neither the school nor the school system are responsible for the security of confiscated items.

INTERROGATIONS AND SEARCHES BY SCHOOL OFFICIALS

Interrogations

The principal of each school, and his/her authorized representatives, have the authority to conduct reasonable interrogations of students in order to properly investigate charges of student misconduct.

Searches and Seizure

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

All searches by school employees shall be reasonably related to the objectives of the search and not excessively intrusive in light of the student's age and gender and the nature of the infraction.

Personal Searches

A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or

unauthorized materials or contraband. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness present.

Locker Searches

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time without notice, without student consent, and without a search warrant.

Seizure of Illegal Materials

In the event search of a student's person, his/her personal possessions, vehicle, or locker reveals the student is concealing material, the possession of which is prohibited by federal, state, or local law, such findings shall be turned over to the proper legal authorities so that they may take appropriate action, in addition to any action taken by the school or school district.

School Property

Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

Suggested Procedures

If a school official has reasonable cause to believe that contraband is present, he or she may institute a search. Although the following procedures for a search are suggested, they are not mandated because the circumstances attendant to the need for each search may vary. The student should ordinarily be required to be present and asked to consent to the search. If after being informed of the basis for the school official's reason to search, the student does not consent, the school official may proceed with the search, contact security, or, if necessary, call law enforcement authorities. Ordinarily, and if circumstances permit, the search of a person or his or her effects should be conducted out of the presence of other students.

Use of Canines

The Administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school owned property and automobiles parked on school property. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog's actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for a further search by school officials.

Use of Metal Detectors (Magnetometers)

Weapons of any nature on school property or at school functions are prohibited by school policy and state law. The presence of weapons is inherently dangerous to all persons in the school setting. When the Administration has reasonable cause to believe that weapons are in the possession of unidentified students, when there has been a pattern of weapons found at school, or when violence involving weapons has occurred at a school, the Administration is authorized to use stationary or mobile metal detectors only upon the approval of the Superintendent or his/her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

When a metal detector is being used, students will be allowed to use only the entries designated. If a metal detector activates on a student, the student should be asked to remove metal objects from his or her person and walk through or be scanned again. If, after the removal of other metal objects and a third activation by the metal detector on the student, the student should be taken to a room out of view from the other students where the procedures suggested above for a search would be applicable.

Notice

Students will be provided notice of the Policy concerning search and seizure by having them placed in the student handbook or distributed by supplemental publication. A copy of the Policy will also be posted in the principal's office or another prominent place in each school. If a metal detector is to be used, the additional notices required for its use will be given.

Definitions

For purposes of this policy the following definitions are applicable:

"Unauthorized" is any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission, or process of the school, or any item described as unauthorized in school rules available to students in the Student/Parent Handbook distributed to all students beforehand.

"Contraband" is all substances or materials, the presence of which is prohibited by school policy, state law, or federal law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, improperly used inhalants such as glue or aerosol paint, guns, knives, weapons, and incendiary devices.

"Reasonable cause" or *"reasonable suspicion"* is the standard for a search on school property or at school related events which is based on the school official's specific reasonable inferences which he or she is entitled to draw from the facts in light of the school official's experience. Specific reasonable inferences may be drawn from instances including but not limited to, a tip from a reliable student, suspicious behavior which suggests that contraband is present, a smell indicating the presence of the contraband or a bulge in a pocket, etc. Reasonable cause or reasonable suspicion should not be based on mere hunch.

Application of Policy

Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of students and school property when there is reasonable cause to believe that students may be in possession of drugs, weapons, alcohol, and other materials ("contraband") in violation of school policy, state law, or federal law. Students who bring contraband on to school grounds may be searched in order to secure the school environment so learning can take place and to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The Administration may utilize canines and metal detectors (magnetometers) as provided in the Policy. This policy shall not be interpreted to hinder or preclude law enforcement's lawful discharge of its duties.

SCHOOL RESOURCE OFFICER

Each middle and high school has at least one uniformed law enforcement officer serving as School Resource Officer (SRO). The purpose of the SRO Program is to provide a resource and support for students, teachers and staff in any and all areas that relate to law and law enforcement matters. This support includes providing classroom instruction, group or individual counseling, protecting persons and property on school campuses, gathering information concerning criminal activity involving students on or off school property, investigating crimes which occur on school grounds, and enforcing laws and ordinances of Douglas County and the State of Georgia.

In a continuing effort to make our school system safe, a Rewards Program has been instituted to help rid our schools of gang, drugs, and weapons. The Reward Program is a financially based incentive program sponsored by the Douglas County Board of Education, the Douglasville Police Department, and the Douglas County Sheriff's Office which rewards a student with \$100.00 cash if they provide information anonymously to the school administration or School Resource Officer and the information that was provided leads to a felony drug, gang, or weapons arrest.

BUS TRANSPORTATION

The Douglas County School District, its officers, officials and employees are not responsible for injury or other loss which might occur to a student or a student's property while traveling on approved school field trips or activities.

School transportation is provided in conformance with pupil transportation policies and procedures established by the State Board of Education and the Douglas County Board of Education.

The school system operates over 328 buses serving more than 440 routes and covering more than 10,000 miles daily. Most drivers have an elementary school route and either a middle or a high school route. Some drivers, such as our Special Needs Drivers, may serve several different schools in both their morning and afternoon routes.

Transportation is also provided for a wide variety of school-related activities.

Each school bus is equipped with advanced safety devices to help the driver see and protect those riding the bus. These are only mechanical devices. It is important that all who ride a bus know and practice the skills of being a safe rider. A safe rider observes bus conduct rules at all times, thereby reducing the opportunity for injury or accident.

Bus drivers complete an intensive state mandated training program and must pass the road and written test required to secure a commercial driver's license (CDL), with a Passenger and School Bus endorsement

School transportation is a privilege. To maintain this privilege, a student must abide by established bus conduct rules. A pupil's transportation privilege may be suspended or revoked if conduct creates a disruption or safety hazard on the school bus. The principal or his/her designee handles all disciplinary action taken for misconduct on the school bus.

Bus Conduct Rules

See Middle School Discipline Code

JD-R(3)

Bus Suspension

A pupil found guilty of certain offenses may be suspended from the bus for a period up to the remainder of the school year.

Student Discipline

The school bus is an extension of the classroom. The school day begins when the student enters the bus and ends when the student leaves the bus. It is the responsibility of the individual school administration (not the driver) to determine and enforce disciplinary actions and notify the parents.

Student Discipline Procedures

To protect the safety and well-being of all riders, pupils must follow bus conduct rules. Students who insist on violating the Bus Conduct Rules will be disciplined as follows:

General or Minor Offenses

Behavior such as chewing gum, talking loudly, bringing food or beverages on the bus, cell phone use, etc. is considered a general or minor offense.

Serious or Major Offenses

More serious or major offenses and repeated offenses may require immediate attention by the school administration and/or Law Enforcement/School Resource Officer. Examples of 1 offenses include (but are not limited to) weapons, illegal substances, assault, threats or intimidating behavior towards another student, bus driver, or bus monitor.

Bus Loading Zones

Bus loading zones at the schools are restricted to school buses only during the 30 minutes immediately before and after school. Cars in the bus lanes present a serious safety hazard for pupils. To protect pupils, unauthorized vehicles in bus loading zones are subject to ticketing.

Service Provisions

- Bus service is provided to and from a pupil's home and school. Service to other locations, such as after school daycare/babysitter, is provided only if the destination is located within the student's assigned school district. Bus service is not provided to or from business locations (other than daycare). No exceptions.
- Students may not be released from the bus to any person at any location other than their designated stop without approval from an administrator or supervisor.
- Bus conduct rules must be obeyed. Failure to do so may result in suspension of bus privileges.
- Parents are responsible for their children going to and from the bus stop and while waiting at the bus stop.
- Written permission from a parent, signed by the principal, is required for a child to ride a bus on which he is not assigned or to leave the bus at a stop other than his assigned stop.
- Pupils must be at their designated bus stop 5 minutes before your scheduled pick-up time located at <http://webquery.douglas.k12.ga.us/edulog/webquery>. The time posted is an anticipated time. Please be aware that the bus is considered on time if it is within 5 minutes, early or late, of the anticipated time.
- Buses cannot wait for latecomers.
- If a student misses the bus, Douglas County School System Transportation is not responsible for coming back to pick up the student.
- Only authorized persons may board or ride a school bus.
- Glass, items too large to fit in a pupil's lap, weapons, firecrackers, pets, gum, drinks, food or candy, and hazardous materials are not permitted on the bus.
- Electronics are permitted on buses at the discretion of the driver, but earphones/earbuds must be utilized. When earphones/earbuds are used, one ear must remain free at all times so the student may hear any instruction from the driver. Also, earphones/earbuds must be removed when students are loading or unloading the bus.

On-Street Bus Service

Buses are routed along major streets. For a bus to be routed down a street off the trunk route, the following two criteria must be met.

1. A child's walking distance to the nearest bus stop is
 - a. greater than .2 mile or more for elementary school students;
 - b. greater than .3 mile or more for middle or high school students.
2. The street is safe for bus travel and has a safe bus turnaround.
3. When a street is determined to be too dangerous for a student to cross, door side service will be mandated. The decision will be up to the Douglas County School System department of transportation.

Bus Stops

- Drivers are not permitted to deviate from their route without permission from a route supervisor.
- State regulations require bus stops to be spaced at least one-tenth (.1) mile or more apart. Exceptions are allowed only in response to a safety hazard.
- Buses are not permitted to travel on closed or flooded roads. Bus stops served by such a road will be temporarily relocated to the closest safe location. Service will be restored once conditions permit.
- Bus stops on the routes are not always the same as the previous year.
- Buses are not to be routed on private property (this includes most mobile home parks and apartment complexes).
- If a student has no key or objects to disembarking the bus, or if the stop/home looks different than

usual, the driver will radio for instructions.

- The parent/guardian is responsible for submitting special requests for permanent drop offs to transportation and the school.

Parental Assistance

Parents can help us by:

- Making sure your child is at the bus stop five minutes early before your scheduled pick-up time located at <http://webquery.douglas.k12.ga.us/edulog/webquery>.
- Review bus safety rules with your child and stress the necessity of observing them.
- Teaching your child to obey the bus driver.
- Cooperating with school officials and school bus drivers regarding appropriate conduct of your child at the bus stop and on the bus.
- Helping your student understand that student behavior on school buses is considered an extension of classroom behavior.
- Educating your children on the rules of school bus safety.
- Reminding your child to walk on the sidewalk, or the shoulder of the road, on the way to the bus stop and not on the traveled portion of the road.
- Reminding your child to wait in a safe place, well off the road, until the bus comes to a stop.
- Students should not move toward the bus until the bus and all traffic have stopped. Students should wait for driver instruction/signal before crossing the road when preparing to board or depart the bus. It is very important to look and wait for instruction/signal – do not expect approaching traffic to stop.
- Periodically remind your child of the importance of mannerly and orderly behavior at the bus stop. Periodically check on students at the bus stop.
- Accompanying very young children to the bus stop and meeting them on their return from school is the responsibility of the parent.

SAFE RIDING

10 Safety Rules for Students

1. Arrive at your bus stop 5 minutes before your scheduled pick-up time.
2. Dress for the weather – umbrella and raincoat for rain; coat and gloves when cold.
3. Never stand or play in the road. Wait for the bus a safe distance from the road.
4. Always use the handrail when boarding or leaving the bus.
5. Remain seated and keep head, hands, and feet inside when the bus is moving. Your seat is designed to protect you in the event of an accident.
6. Never try to reach for anything under or beside a bus. Ask your driver for help.
7. Observe silence when approaching and while stopped for railroad crossings so the driver can hear if a train is coming.
8. Look carefully before crossing the road. Do not assume a car will stop for you – wait to be sure it is stopped before crossing. Watch for your driver's signal before crossing the road.
9. Always cross in front of the bus – NEVER behind it!
10. Talk quietly while on the bus. Do not "horseplay". Your driver must give full attention to driving to ensure your safety.

SEVERE WEATHER / EMERGENCY CLOSING OF SCHOOLS

The Superintendent is authorized to close schools in cases of emergencies or severe weather. WSB Radio and TV are the stations first notified of emergency announcements for the Douglas County School System.

Emergency Suspension of School Activities

Abnormal conditions sometimes occur which require temporary suspension of school activities. These possible conditions include inclement weather (ice and snow storms); failure of power, gas, or water supply, and breakdown of heating system.

Some situations affect only one school while in other cases several or all Douglas County Schools may be involved. In all instances the safety, welfare, and health of students and employees are the basic factors considered in making a decision as to whether or not to suspend temporarily the normal activities of a school day.

The Superintendent has the responsibility of making decisions on suspension of school activities. If the Superintendent is not available, a person designated by the Superintendent will assume this responsibility. School principals will be notified of such action by the most expedient direct means, either by telephone or personal contact.

INTERNET FILTERING REGULATION

1 PARENT/GUARDIAN AUTHORIZATION FORM

- 1.1 Form only needs to be signed one time and this will follow the student while he or she is in the Douglas County School System.
- 1.2 The Parent/Guardian Authorization Form should be kept in the Media Center for all students.
- 1.3 If the student transfers to another school, the original Authorization Form will be acceptable for the new school.
 - 1.3.1 A copy of the form should be sent with the student's records.
- 1.4 If the parent/guardian wishes to change his or her previous wishes and not allow the student to access the Internet, then the parent/guardian must state that in writing to the school.
 - 1.4.2 If there is a new parent/guardian that has legal custody of the student and a previous parent/guardian signed the Parent/Guardian Authorization Form, then the current parent/guardian's wishes shall be followed. However, these wishes must be properly communicated to the school system in writing by either filing a Parent/Guardian Authorization Form or by writing the school requesting that the student not participate in Internet activity.
 - 1.4.3 Should there be a change in parent or guardian custody of the student and that parent or guardian makes no specific requests, then the wishes of the previous parent or guardian will be observed.

2 OBTAINING PARENT/GUARDIAN AUTHORIZATION FORM

- 2.1 Form is sent to students at the beginning of school.
- 2.2 New students are given the form with other paperwork as they check into a school.
- 2.3 Individual teachers may give the form to the student.

3 STUDENT INTERNET ACCESS TO THE COMPUTERS

- 3.1 All students are provided computer access by default in the Douglas County School System and

all computers have access to the Internet. Students should not access the Internet unless a Parent/Guardian Authorization Form has been completed.

3.2 Parent/Guardian Authorization Forms will be kept on record at the school.

1.3 Process for Removing Student Internet Access

3.3.1 All computers have Internet access in the Douglas County School System. If a parent/guardian requests that a student not have Internet access it will be the responsibility of the teacher to monitor student computer use in order to insure this or the student's access to the computer will have to be removed. If removal of computer access is requested, the Media Specialist or an administrator will place a technology help request for the removal of the student's computer login. This request will verify that the proper written request from the parent or guardian has been recorded and that the school has this letter on file.

3.3.2 The Media Specialist should immediately notify the teachers of that student so that they can have other activities for the student during times when the class is accessing the Internet.

4 INTERNET FILTERING

4.1.1 The Douglas County School System filters all Internet content in order to provide safe and appropriate access to this resource. Since no filter can absolutely guarantee that students will not be exposed to objectionable pages from the Internet, the teacher or other staff member adult should monitor Internet activity by all students. If there is a problem with the Internet Filter, Technology Services will notify the schools and the Central Office Administration through e-mail that the filter is temporarily out of service and the issue will be resolved as quickly as possible.

5 WHEN AN UNACCEPTABLE SITE IS ACCESSED

5.1 The student should immediately notify the adult monitor and back out of the site by clicking on the "Back" button on the browser.

5.2 If the student has accessed a site that throws up multiple screens, the student should immediately turn off the monitor ask for assistance from an adult.

3.3 The adult monitor should remove the students from the monitor and write down the URL to the site so that it can be blocked in the future. The teacher should submit a technology help request that includes the URL as soon as possible so that the site can be blocked.

3.4 The adult monitor should get the names of all students who witnessed the site. They should determine whether this action was done purposely or by accident.

5.4.1 If the incident took place in an elementary school, the names of the students involved should be given to the school's administrator.

5.4.2 If the incident took place in a middle or high school, the students' names should be given to an administrator if the teacher or monitor felt that the access to the inappropriate site was on purpose and was not accessed accidentally, or if deemed necessary for other reasons.

5.5 If the incident took place in an elementary school whether by accident or not, the school administrator should then contact the parents of the students involved to warn them what took place.

5.6 If the incident took place in a middle or high school, and if it had been determined by that school's administration that this incident was purposely done, the administrator should contact the parents of the students involved.

COMPLAINTS AND GRIEVANCES

DESCRIPTIVE CODE: JCE

Resolution of School Related Concerns

It is the belief of the Douglas County Board of Education that students have both the right and responsibility to express school related concerns and grievances to the faculty and administration. Therefore, students shall be assured the opportunity for an orderly presentation and review of concerns.

For the discussion and consideration of a concern or grievance, any student or group of students should request a meeting time and place which will not interfere with regular scheduled classes or school related activities. The faculty and administration shall make an honest effort to resolve student grievances as quickly as possible and at the most immediate level of supervision.

STUDENT COMPLAINTS AND GRIEVANCES DESCRIPTIVE CODE: JCE-R(1)

COMPLAINTS AND GRIEVANCES

Resolution of School Related Concerns

The Board realizes that there may be conditions in the school system that need improvement and that students should have some means to effectively express their concerns which will be considered and handled with fairness.

Students' concerns and grievances shall be resolved through orderly processes and at the lowest possible level.

Concerns and grievances shall be approached in the following manner:

1. the opportunity shall be provided any student or parents, to discuss with the teacher a decision or situation which is considered unjust or unfair;
2. if the matter remains unresolved, the student, parents, or teacher, may bring the matter to the principal's attention for consideration;
3. if the matter remains unresolved, it may be brought to the Superintendent or a designee for consideration;

Complaints and Grievances for Students Eligible Under Section 504

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents Under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

HARASSMENT

DESCRIPTION CODE : JCAC

It is the policy of this school district to prohibit any act of harassment of students or employees by other students or employees based upon race, color, sex, national origin, religion, age or disability at all times and during all occasions while at school, in the workplace or at any school event or activity. Any such act by a student or employee shall result in prompt and appropriate discipline, including the possible termination of employment or suspension or expulsion of the student.

Sexual harassment may include conduct or speech which entails unwelcome sexual advances, requests for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, demands or physical contact which creates a hostile environment for a student or employee. There may be other speech or

conduct which employees or students experience as inappropriate or illegal harassment which should also be reported; harassment can take many forms and it is not possible to itemize every aspect of the harassment forbidden by this policy.

CHILD ABUSE AND NEGLECT REPORTING

DESCRIPTION CODE: JGI-R(1)

The purpose of this policy is to provide for the protection of children whose health and welfare are adversely affected and further threatened by the conduct of those responsible for their care and protection. It is intended that the mandatory reporting of such cases will cause the protective services of the state to be brought to bear on the situation in an effort to prevent further abuses, to protect and enhance the welfare of these children, and to preserve family life wherever possible. This policy shall be liberally construed so as to carry out the purposes thereof.

As used in this policy, the term:

- (1) "Abused" means subjected to child abuse.
- (2) "Child" means any person under 18 years of age.
- (3) "Child Abuse" means:

(A) Physical injury or death inflicted upon a child by a parent or caretaker thereof by other than accidental means; provided, however, physical forms of discipline may be used as long as there is no physical injury to the child;

(B) Neglect or exploitation of a child by a parent or caretaker thereof;

(C) Sexual abuse or unwelcome touching of a child; or

(D) Sexual exploitation of a child.

(E) However, no child who in good faith is being treated solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be an "abused" child. Any school employee, including volunteers, having reasonable cause to believe that a child has been abused shall report or cause reports of that abuse to be made to the principal or the principal's designee. A staff member who makes a report to the principal or designee shall be deemed to have fully complied with the policy. The principal/principal's designee shall make a phone call or email immediately to DFACS, but in no case later than twenty-four hours from the time there is reasonable cause to believe a child has been abused and an email to the appropriate police authority. Under no circumstances may the principal or designee to whom a notification of child abuse has been made "exercise any control, restraint, modification or make other change to the information provided by the reporter, although each of the aforementioned persons (mandated reporters) may be consulted prior to the making of a report and may provide additional, relevant, and necessary information when making the report". The official referral shall be documented on the appropriate reporting form (Georgia Child Protective Services Mandated Reporter Form - JGI-E1). Any school employee who reports or causes a report to be made under this policy shall in so doing be immune from any civil or criminal liability that might otherwise be incurred or imposed, provided such reports are made in good faith. The principal shall be notified of all referrals on child abuse/neglect. The school superintendent and principal will receive a copy of the written referral.

In a reported case of child abuse, the student may be interviewed by a law enforcement officer or other appropriate governmental investigating official without notifying the parent; however, no investigation of child abuse shall be conducted at school without the knowledge of the principal/designee. This investigation may be conducted without the principal/designee being present.

Suspected child abuse which is required to be reported by Georgia law by any person pursuant to this policy shall be reported notwithstanding that the reasonable cause to believe such abuse has occurred or is occurring is based in whole or in part upon any communication to that person which is otherwise made privileged or confidential by law.

Any school system employee, including volunteers, having reasonable cause to believe that a student has been abused by another school system employee shall report or cause reports of that abuse to be

made to the appropriate agent or agency in accordance with the procedure above. The principal or designee who receives such a report shall immediately notify the direct supervisor of the alleged perpetrator that the report has been made. The supervisor shall immediately notify local law enforcement and DFACS and begin a cooperative investigation with these agencies to determine the facts and whether sufficient grounds exist to warrant a reprimand, termination, suspension, or other adverse personnel action against the employee. Upon the conclusion of the investigation, the supervisor shall submit a written report of his or her findings to the Superintendent.

All school personnel, including volunteers, who have contact with students shall receive training in the identification and reporting of child abuse and neglect with annual updates in the form of memoranda, directives or other written information.

Any school employee, including volunteers, required by policy to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

1. Any student, employee or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, the appropriate coordinator designated below for the school system. If the complaint is oral, the coordinator shall promptly prepare a memo or written statement of the complaint as made by the complainant and shall have the complainant read and sign the memo or statement if it accurately reflects the complaint made.
2. The coordinator shall have fifteen days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator shall prepare a written response to the complaint detailing any action to be taken in

response to the complaint and the time frame in such action will be taken and copies of this response shall be furnished to the complainant and the Superintendent.

3. If the complaint is not resolved at the conclusion of this fifteen day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.

4. The Superintendent shall have fifteen days to review the complaint and the response of the coordinator and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his approval of the action recommended by the coordinator or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator and the time frame in which such action shall be taken.

5. If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen days of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the system to take. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.

A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.

8. The procedure is not intended to deprive any employee of any right they may have to file a grievance pursuant to any policy of the Board of Education, specifically including policy GAE, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated 20-2-940 through 947. The complainant retains at all times the right to contact the Office of Civil Rights with regard to any allegations that the system has violated the statutes described above.

STUDENT RECORDS

DESCRIPTIVE CODE: JR

Student records shall be defined as all information about students recorded or collected in any format by local school systems or individual schools that may include educational/psychological assessments, school attendance records, personal data, health information, disciplinary actions, and/or academic progress.

Professional staff of the schools will review all records in their immediate keeping to assure that only

responsible and documented information is maintained, removing as necessary extraneous or inappropriate information. The person in professional status responsible for maintaining records will be responsible for administering the use of the file in observance of due process and will guarantee that records contain factual, documented information on students. All information contained in any student records not meeting this requirement shall be removed.

Student cumulative records must contain, but are not limited to: identifying data, academic achievement, attendance data, standardized test scores, immunization records, required health screenings. Academic achievement records of individual students of Douglas County Schools shall be maintained for a period of at least 70 years (after the student leaves, transfers or graduates) and the attendance data for a period of at least three years. These shall be housed in a fire-resistant place.

No person or party, except the parents or legal guardians and students over eighteen (18) years of age, shall be permitted to examine or obtain information from the records of students except, (1) by the written consent of the student's parent or lawful guardian specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student's parents or lawful guardian and the student if desired by the parents, or (2) in compliance with judicial orders, or pursuant to any lawfully issued subpoena, upon the condition that parents or lawful guardians of the student are notified of all such orders or subpoenas in advance of the compliance therewith. (Divorce does not end a parent's right to review the child's records unless the courts specify that such review or contact is prohibited.)

The records of the school concerning an individual student shall be used for appropriate educational purposes and for the promotion of the student's welfare. Student records shall be made available to an outside person or agency only under the following conditions:

A "Release of Information" request is received by school officials duly signed by a parent of the student, or legal guardian, or by a student of legal age (18 years or older). File completed request in student cumulative record.

A "Request for Information" request is received by school officials in the form of specific request from the court or a court order. Only information requested shall be provided and the parents and/or students shall be notified of all such orders in advance of compliance with the order.

A "Request for Transcript" is received by school officials from a receiving school including schools operated by the Department of Juvenile Justice. Only information such as grades, attendance records, discipline records for students in grades 7-12, and group test scores should be included. Psychological reports and health reports cannot be released without having been specified in the signed "Release of Information" request as per #1 above. Schools must comply with appropriate requests for transcripts within 10 calendar days.

In instances where requests for information might come from an outside agency such as the VA, working for the welfare of a student, the agency will file a release from the student or parent or guardian. In lieu of such a release, a form signed by a judge (not necessarily in the form of a subpoena) would suffice, provided the parent, student, or guardian is notified that such a form has been received.

In instances where requests for information come from the Comptroller General of the United States, the Secretary of Health and Human Resources, Secretary of Education, an administrative head of an education agency or state educational authorities in connection with the audit and evaluation of federal programs or for the enforcement of federal legal requirements which relate to such programs, only that data which would not permit the personal identification of such students or their parents shall be released. This does not prevent federal officials, administrative head of an agency or state educational authorities to audit and evaluate provided confidentiality is maintained and information later destroyed. The only exception shall be when the collections of personally identifiable data is specifically authorized by federal law.

Schools and the school system shall not withhold any student record because of nonpayment of fees.

Schools or the school system receiving the transferred record shall notify the parent(s)/guardian(s) of students in grades seven through 12 that the record has been received.

Student records shall be available to parents, legal guardians, and students of legal age, upon their written request. This does not include records that have the names of several students. Individual parents, guardians, or students may also inspect these records upon request.

FAMILY EDUCATIONAL AND PRIVACY RIGHTS

It is the policy of the Douglas County Board of Education that accurate and complete student academic and discipline records shall be maintained for each student enrolled in the schools of this school district. Confidentiality of student records shall be preserved in compliance with the Family Educational Rights and Privacy Act. Access to education records is provided to parents, guardians, and eligible students (eligible students are defined as those 18 years of age or older, those enrolled in postsecondary educational institutions, or those younger than 18 who are emancipated), to professional educators with legitimate educational interests, to those federal or state officials whose access is authorized in connection with an audit or evaluation of federal or state-supported education programs or with the enforcement of or compliance with federal legal requirements related to those programs, and to courts and others pursuant to subpoenas or similar documents.

The superintendent shall direct the publication of procedures through which parents or eligible students may request the correction of errors in student records. The superintendent shall ensure that each principal will develop a means to notify, on an annual basis, students and parents/guardians of their rights under the Family Education Rights and Privacy Act either by letter or through a student handbook distributed to each student in the school.

The Douglas County Board of Education designates certain information from student education records as "directory information," as is specified in this paragraph. Unless a parent/guardian or eligible student makes a timely request to the principal of the school where the student is enrolled that such information not be designated directory information as to that individual student, such information will not be considered confidential and may be disclosed upon written request.

Directory information is as follows:

1. Student's name.
2. Student's date of birth.
3. Student's participation in official school clubs and sports.
4. Weight and height of student if he/she is a member of an athletic team.
5. Dates of attendance at the Douglas County School System schools.
6. Awards received during the time enrolled in the Douglas County School System.
7. Photographs
8. Program of Study
9. School System Security Video/Audio Tapes except when tapes are used in a disciplinary or criminal matter.

In addition to the directory information listed above the federal No Child Left Behind Act provides that the school district shall provide, on a request made by military recruiters or an institution of higher education, access to secondary students addresses and telephone listings.

Student records will be forwarded without further notice to parents/guardians or eligible students to any school within or outside the Douglas County School System, upon request of the school where a student is enrolling.

Any person whose parental rights have not been revoked by court order and any guardian, or any individual acting as a parent/guardian in the absence of a parent/guardian, may inspect the education record of his/her child during the regular business hours, Monday through Friday, while school is in session.

Generally, a parent/guardian will be permitted to obtain a copy of education records of his/her child upon

reasonable notice and payment of reasonable copying costs.

Education records are maintained at the school where the student is enrolled and are in the custody of the principal or his/her designee.

Personally identifiable information will not be released by the school system from an education record without prior written consent of the parent/guardian or eligible student except under the following circumstances:

- 1 Disclosures will be made to school administrators, teachers, or other professionals employed or associated by the school system who have some role in evaluating or educating the student.
- 2 Records will be sent to a school where the student has enrolled upon request of that school.
- 3 Disclosures will be made to federal or state officials in connection with the audit of educational programs.
- 4 Disclosures will be made in connection with financial aid applications of the student to determine the eligibility for and amount of aid as well as enforcement of the terms and conditions of financial aid.
- 5 Disclosures will be made to comply with state law, Internal Revenue Service laws and regulations, judicial orders or lawfully issued subpoenas. A reasonable effort will be made to notify parents/guardians or eligible students in advance of such disclosures.
- 6 Disclosures will be made to organizations conducting studies on behalf of or by educational institutions specified in 34 C.F.R. § 99, 31(a) (6) and (7).
- 7 Disclosure may be made to accrediting institutions to carry out their accrediting function.
- 8 Disclosures will be made in connection with a health or safety emergency.
- 9 Information the Board of Education has designated "directory information" may be disclosed upon written request unless a parent/guardian or eligible student objects in writing to the principal of the school where his/her child is enrolled within a reasonable time after receipt of the notice as contained in the student handbook. Directory information about former students will be disclosed upon request.

Each records custodian in the Douglas County School System shall maintain as part of each student's file a log of those persons to whom access to the educational records has been provided.

A parent/guardian or eligible student who believes the student's record contains an error may request its correction by submitting a written explanation of the error and the basis for believing it to be in error to the principal or his/her designee, who shall investigate and determine whether or not to amend the record. If the matter cannot be resolved, a parent/guardian or eligible student may request a hearing pursuant to federal regulations at 34 C.F.R. § 99.21-99.22 as well as applicable state regulations.
